SUMMARY

Passionate Associate Software Engineer with 1+ years of experience in full-stack web development, skilled in JavaScript, PHP, CodeIgniter 4, Laravel, MySQL, and WordPress. Experienced in building scalable web applications and working with modern front-end frameworks such as React.js, Next.js, Tailwind CSS, and Bootstrap. Additionally skilled in UI/UX design and prototyping (in Figma), with a strong commitment to writing clean, reusable code, optimizing user experiences, and delivering high-quality solutions through continuous learning.

PROFESSIONAL EXPERIENCE

Associate Software Engineer

JFS ICT Services (Pvt) Ltd | February 2025 - August 2025

- Developed and optimized full-stack web applications using CodeIgniter (MVC architecture).
- Wrote clean, reusable, and optimized code to ensure scalability and maintainability.
- Focused on improving application performance and enhancing user experience.
- Developed a responsive employee background check web application using Next.js and Tailwind CSS, ensuring seamless usability across devices.

Software Engineer Intern

JFS ICT Services (Pvt) Ltd | August 2024 - January 2025

- Completed a hands-on internship focused on web application development using the CodeIgniter framework and PHP.
- Assisted in database management, feature implementation, and system optimization.
- Worked collaboratively with the development team to enhance functionality and user experience.

PROJECTS

Project Management Web Application

- Built a modern project management system using Laravel for backend logic and Tailwind CSS for responsive UI design.
- Developed features such as task tracking, team collaboration, and role-based access control.
- Integrated real-time updates and progress tracking to improve team productivity.
- Focused on clean UI/UX design and optimized query performance for a seamless experience.
- Collaborated with team members to implement auto-save, calendar integration, and workspace customization features.

Interactive Resume Builder – Web Application

- Developed an interactive resume builder web application using React.js and Tailwind CSS for a modern, responsive interface.
- Implemented dynamic form sections for users to input and edit details.
- Integrated live preview functionality.

EDUCATION

Advanced Technological Institute

Higher National Diploma in Information Technology
2022 – 2025

SKILLS

Programming Languages

HTML CSS JavaScript PHP MySQL Java C#

Frameworks and Libraries

React.js Next.js CodeIgniter Laravel TailwindCSS Bootstrap React Native

Tools and Technologies

Wordpress GitHub Android Studio Figma ClickUp Adobe Creative Suite

Soft Skills

- Team collaboration
- Problem Solving
- Adaptability and flexibility

LANGUAGES

- Sinhala
- English
